

Erik Decker is the CISO for Intermountain Healthcare, a multi-state integrated delivery network based in Salt Lake City, Utah. Erik has 22 years of experience within Information Technology. Prior to Intermountain Healthcare, Erik served as the CISO for the University of Chicago Medicine.

He co-leads the Department of Health and Human Services (HHS) 405(d) task group, which consists of more than 150 industry and government experts across the country for implementing the Cybersecurity Act of 2015, 405D legislation within the Healthcare sector. The publication was released in December 2018, titled “*Health Industry Cybersecurity Practices: Managing Threats and Protecting Patients*” (HICP). He serves on the Executive Council of the Healthcare Sector Coordinating Council’s Joint Cybersecurity Working Group.

Erik has been awarded the ISE® North America Executive: Academic/Public Sector, and the Chicago CISO of the Year. He has served as an expert witness to the United States Congress.

Erik has a Master of Science in Information Technology from Loyola University in Chicago and Bachelors degree of the University of Illinois in Champaign/Urbana in Cell and Structural Biology.
