

Mark Jarrett, MD, MBDA, MS: Senior Health Advisor, Northwell

My responsibility is to oversee the quality and safety at all Northwell sites of care. Northwell is a 23-hospital healthcare system covering New York City, all of Long island and Westchester with 700 ambulatory sites, two skilled nursing facilities, and post-acute care services. In addition, Infection Control systemwide reports to me. Boarded in Internal Medicine, Rheumatology and Geriatrics with 30 plus years of patient care experience. Master of science in Medical Informatics. I serve as a member on the Healthcare and Public Health Sector Coordinating Council (HHS) as well as the National Quality Forum Healthcare Readiness Taskforce which is charged with developing quality metrics for preparedness.
