

Michael McNeil, Senior Vice President, Global CEO, McKesson

Currently, I have over 20 years of experience in the Cyber, Privacy and Product Management domains with over 11 years concentration in the Healthcare (Medical Device) domain with organizations like Johnson & Johnson, Medtronic and Royal Philips directly leading global Cybersecurity, Privacy and Product Development efforts. My current responsibilities at Senior Vice President, Global CISO at McKesson. In this capacity, I am responsible for enhancing and overseeing McKesson's information and operational technology security strategy program, as well as managing information security governance. I also ensure the execution of McKesson's cybersecurity strategy across the enterprise.
